

7th Grade Math (Pre-Algebra Year 1)

Student Supply List:

_____ Student text: Basic College Math (7th edition)
by Margaret Lial
ISBN-13: 978-0321-55712-4

ISBN-13: 978-0321557124
ISBN-10: 0321557123

_____ Colored Pencils

_____ Pencils or Mechanical Pencils (homework/tests not accepted in pen)

_____ Scratch Paper or whiteboard

_____ Notebook or pocket folder with brads (for handouts and graded work)

_____ Notebook paper or spiral notebook (college ruled) for homework and notes.

_____ Calculator *** Students will need a calculator with a multi-line display. My preference is the **TI-30Xii** series. It keys in similar to a graphing calculator--but costs under \$20.

***Students will be allowed to use a calculator only on specifically marked homework problems--most of these are at the end of the course.

Parents:

The TE is not necessary for this course. The student text will contain all of the necessary answers. Student solutions manuals are not necessary for this course as the majority of the problems are only 1-2 steps.
